Hobbies

- **Playing Piano**
- **Arts and origami**
- **Exploring stuff related to fitness**
- **Learning more on AI**

Links for Certifications:

[1. Hackerrank Python Basic](#)

[2. IBM Certificate](#)

[3. TCM CTF](#)

[4. PESU IO](#)

EDUCATION

- Bachelor's degree, PES University, 2025-2029
- Christ Academy Junior College, 2nd PU – 94%
- Narayana Olympiad, 10th – 94%

EXPERIENCE

AI/ML Intern — CDSAML

Video Intelligence & RAG Pipeline

- Contributed to a video-to-video intelligence pipeline that ingests raw video, generates highlights, and enables query-driven clip editing
- Built the chatbot and Q&A component, enabling natural-language queries over video content using **LangChain** and **Llama 3.2**
- Used **Whisper** for transcription and **HuggingFace embeddings** for retrieval, with **MoviePy** for clip generation
- Deployed an interactive **Streamlit** UI; used **python-dotenv** for secure API key management

TECHNICAL SKILLS

- **Programming Languages:** Python, C++, HTML, SQL
- **Currently Learning:** C programming, Git & GitHub
- **Web Development:** Front-end fundamentals
- **Tools & Platforms:** GitHub, Streamlit
- **Concepts:** Data handling, Retrieval-Augmented Generation (RAG), basic UI development

CERTIFICATIONS & TRAINING

- **PESU I/O – Dots to Data Certification**
 - Built and trained an AI bot using a Kaggle dataset
 - Implemented RAG architecture
 - Deployed outputs via Streamlit UI
- **IBM SkillsBuild: Foundations of Generative AI**
- **HackerRank Certification: Python (Basic)**
- **TCM Security CTF Challenge**
 - Successfully cracked challenges involving prompt injection techniques
